### Description

The Erizo-LAMCE Medium-Fine Needle File is an essential tool for precision mechanical work. Designed specifically for jewelers, watchmakers, and engravers, this file allows for fine and detailed finishing on a variety of materials. Its double cut provides greater versatility and efficiency, facilitating the roughing and finishing of delicate surfaces. The quality of its manufacture ensures long durability and optimal performance in tasks requiring a high degree of precision.

- **Type:** Medium-fine half-round needle file
- **Use:** Ideal for fine work in precision mechanics
- **Applications:** Jewelry, watchmaking, engraving
- **Cutting:** Double, for greater versatility
- **Material:** High-quality steel
- **Length:** Standard for precision tools
- **Design:** Optimized ergonomics for comfortable handling
- **Finish:** Surface treated for wear resistance
- **Precision:** High, suitable for minute details
- **Compatibility:** Compatible with other precision instruments

### Specifications

|              |               |
|--------------|---------------|
| High         | 0,00          |
| Width        | 0,00          |
| EAN          | 8422668040624 |
| Manufacturer | Erizo         |
| Weight (kg)  | 0,0000        |
| Depth        | 0,00          |
