Description

The Hedgehog-LTSD8 8" Thin Triangular Saw File is an essential tool for maintaining and sharpening handsaws, band saws, and other saws with 60-degree tooth angles. Its triangular cross-section design, with converging edges at one end, allows precise and efficient access to the saw teeth, ensuring even and effective sharpening. Featuring a single cut and three chiseled edges, this file is designed to deliver optimal performance in a variety of sharpening applications.

- **Tool Type:** Thin Triangular File
