Description

The Erizo-LTSED6-Lima file is an essential tool for maintaining and sharpening handsaws, band saws, and other types of saws with 60-degree tooth angles. Its triangular cross-section design, with edges converging at one end, allows for precise and efficient sharpening, ensuring optimal performance of cutting tools. With a single cut and three cut edges, this file adapts to various applications, facilitating work on different types of saws.

- **Section Type:** Triangular
- **Edges:** Converging at one end
- **Applications:** Sharpening handsaws, band saws, and saws with 60-degree teeth
- **Cut:** Single
- **Edges:** Three cut edges
- **Material:** High-quality steel
- **Dimensions:** 6 inches in length
- **Use:** Hand tool for sharpening
- **Durability:** Wear-resistant
- **Ergonomic Design:** Facilitates handling and control during use

The Erizo-LTSED6-Lima file is a reliable tool for those looking to keep their saws in optimal condition, ensuring precise and efficient cuts every time.
