Description

The Hedgehog-LPPAS6 6" Mill Blunt Parallel Flat Saw File is a tool specifically designed for sharpening chop saws, reciprocating saws, and circular saws. Its uniform rectangular cross-section along its entire length allows for precise and efficient sharpening, and it is thinner than conventional flat files. This feature facilitates access to the saw teeth, optimizing the sharpening process and extending the life of the cutting tools.

The flat faces of the Hedgehog-LPPAS6 feature a single-cut pattern, ensuring a uniform finish and reducing the risk of damaging the saw surface. Furthermore, the two cut edges allow for more versatile sharpening, adapting to different types of saws and sharpening needs.

- Uniform rectangular cross-section along its entire length
- Thinner than conventional flat files
- Designed for sharpening chop saws, reciprocating saws, and circular saws
- Flat faces with cut pattern simple
- Two notched edges for greater versatility
- Optimizes the sharpening process
- Extends the life of cutting tools
- Facilitates access to saw teeth
- Ideal for professional and home use
- High-quality manufacturing for long-lasting performance
