Description

The Vogel-207030 IP54 "Absolute" 300mm Digital Workshop Caliper is a high-precision measuring tool designed to meet the demands of the most rigorous work environment. Manufactured to workshop standard tolerances, this digital caliper is resistant to water and coolants, in accordance with 40050/IEC 60529 standards. Its large LCD screen offers a clear and precise reading, with 11mm high digits, facilitating its use in various lighting conditions.

The mechanical parts are made of hardened stainless steel, guaranteeing durability and wear resistance. The caliper jaws are finely ground and lapped, and compensated for inside measurements, ensuring accurate results every time. This model features a versatile system that includes PRESET, ORIGIN, ABS, and INC functions, as well as an on/off button and the option to switch between millimeters and inches.

Zeroing in any position and the DATA HOLD function add convenience and functionality to the tool.

- Water and coolant resistance (IP54)
- LCD display with 11 mm digits
- Hardened stainless steel parts
- Ground and lapped jaws
- PRESET/ORIGIN/ABS/INC system
- On/Off button
- Switchable between mm/inches
- Zeroing in any position
- DATA HOLD function

- Fine adjustment with knife-edge tips

Includes two 3V batteries (type CR2032) and an operating manual. Additional data transfer accessories are available separately.
