**RUKO FLOWSTEP® HSSE-Co 5
twist drill bit, 8.5 mm diameter.**

Brand: Ruko

Reference: TUR 259085E

The FLOWSTEP® HSSE-Co 5 (Ø 8.5 mm) twist drill bit offers extended life and allows you to drill up to 5 times more holes. It provides fast and efficient drilling, precise centering on round surfaces, and a smooth, jam-free drilling process. Compatible with portable drills.

[View product online](#)**Description**

The Ruko-259085E FLOWSTEP® HSSE-Co 5 (Ø 8.5 mm) twist drill bit is designed to deliver exceptional performance in drilling applications. Its innovative design allows for a significantly longer lifespan, achieving up to five times more holes compared to conventional drill bits. This translates into time savings of up to 50%, thus optimizing workflows. Drilling is extremely fast and efficient, contributing to significant energy savings. Furthermore, its perfect centering capability prevents slippage, even on round surfaces such as pipes and tubes, ensuring precise and professional results.

The drilling process is easy and smooth, eliminating the risk of jamming in the material, which enhances the user experience.

This drill bit is compatible with portable power tool drills, including cordless ones, making it a versatile choice for various work environments.

- Diameter: 8.5 mm
- Material: HSSE-Co (High Speed Steel with Cobalt)
- Extended lifespan: Up to 5 times more holes
- Time savings: Up to 50%
- Fast and efficient drilling
- Perfect centering, prevents slippage
- Compatible with portable power drills
- Smooth drilling process, no jamming
- Ideal for round surfaces
- Optimal performance in various applications

Specifications

High	0,00
Width	0,00
EAN	4007140386434
Manufacturer	Ruko
Weight (kg)	0,0000
Depth	0,00
