The Ruko-259130E FLOWSTEP® HSSE-Co 5 (Ø 13.0 mm) twist drill bit is designed to deliver exceptional drilling performance, standing out for its durability and efficiency. With a significantly longer lifespan, this drill bit allows you to drill up to five times more holes compared to conventional drill bits. Its innovative design guarantees time savings of up to 50%, making it an indispensable tool for professionals looking to optimize their work. Drilling is extremely fast and with remarkable energy savings, contributing to a more sustainable work process.

The drill bit's perfect centering prevents slippage, even on round surfaces such as pipes and tubes, ensuring accuracy with every hole. Furthermore, its design facilitates a smooth, jam-free drilling process, enhancing the user experience.

This drill bit is compatible with portable power tool drills, including cordless ones, making it versatile and suitable for a variety of applications.
