

Product sheet

RUKO FLOWSTEP® HSS Ø 12.5 mm helical drill bit, high precision and durability.

Brand: Ruko

Reference: TUR 259125

The Ruko-259125 FLOWSTEP® HSS twist drill bit (Ø 12.5 mm) offers a long service life, drilling up to 5 times more holes. It allows for fast and efficient drilling, preventing slippage and jamming, making it ideal for portable electric drills.

[View product online](#)**Description**

The Ruko-259125 FLOWSTEP® HSS twist drill bit (Ø 12.5 mm) is designed to deliver superior drilling performance, standing out for its durability and efficiency. With a significantly longer lifespan, this drill bit allows you to drill up to five times more holes compared to conventional drill bits. Its innovative design facilitates extremely fast drilling, resulting in time savings of up to 50%. Furthermore, its perfect centering capability prevents slippage, even on round surfaces such as pipes and tubes, ensuring a smooth drilling process without jamming. This drill bit is ideal for use in portable power tool drills, including cordless ones, ensuring optimal performance in various applications.

- **Diameter:** 12.5 mm
- **Material:** HSS (High-Speed Steel)
- **Lifespan:** Up to 5 times more holes possible
- **Time Savings:** Up to 50%
- **Fast Drilling:** Improved energy efficiency
- **Perfect Centering:** Prevents slippage on round surfaces
- **Drilling Process:** Easy and smooth, no jamming
- **Compatibility:** Ideal for portable (cordless) power drills
- **Applications:** Drilling in metal, wood, and plastics
- **Design:** Helical for optimal performance

Specifications

High	0,00
Width	0,00
EAN	4007140386090
Manufacturer	Ruko

Weight (kg)	0,0000
Depth	0,00
