Description

The ULTIMATECUT HSS RUNaTEC 3-piece stepped drill bit set with FLOWSTEP® technology is designed to deliver exceptional drilling performance. These stepped drill bits stand out for their significantly extended lifespan, allowing you to drill up to 6 times more holes compared to conventional drill bits. Their innovative design facilitates a fast and efficient drilling process, reducing tapping time by up to 75%. Thanks to their extremely fast drilling capacity, they achieve remarkable energy savings, making them an ideal choice for professionals and DIY enthusiasts alike. Furthermore, their smooth, jam-free operation ensures a hassle-free user experience, optimizing work on a variety of materials. These drill bits are especially suitable for portable power tools, including cordless models, making them versatile and practical for any project.

- **Extended lifespan:** Up to 6 times more holes possible.
- **Time saving:** Up to 75% reduction in tapping time.
- **Fast drilling:** Improved energy efficiency.
- **Smooth drilling process:** No jamming in the material.
- **Compatibility:** Ideal for portable (cordless) power tools.
- **Material:** Made of high-speed steel (HSS).
- **Step design:** Allows drilling of different diameters.
- **Versatile use:** Suitable for a wide range of materials.
- **Easy handling:** Designed for intuitive and comfortable use.
- **Durability:** Resistant to wear and heat.

Specifications

High	0,00
------	------

Width	0,00
