Description

The Hedgehog-LDBPPUE8 8" Medium Point Flat Mechanic's File is an essential tool for machine shops, designed for precise roughing, fitting, and grinding of parts. Its rectangular cross-section allows for versatile use, while the design, which tapers slightly in width and thickness towards the tip, facilitates access to tighter areas. With a single cut on both edges, this file offers efficient and effective performance in a variety of mechanical applications.

The two-component handle provides a soft and comfortable grip, allowing for extended use without causing hand fatigue. This ergonomic design is ideal for professionals who require tools that combine durability and comfort in their daily work.

- **Shape:** Flat Point
