Description

The Hedgehog-LDBPPUF10 file is an essential tool for machine shops, designed for roughing, fitting, and grinding parts with precision. Its flat shape and fine point allow for detailed work, while its rectangular cross-section ensures a firm and controlled grip during use. The file's design features a width and thickness that taper slightly towards the tip, facilitating access to difficult areas and the creation of fine finishes. The single cut on both edges provides efficient cutting action, ideal for various mechanical applications.

- **Shape:** Flat Point
- **Cut Type:** Single
- **Length:** 10 inches
- **Section:** Rectangular
- **Handle Design:** Bi-material with soft grip
- **Hanging:** Included for easy storage
- **Use:** General in machine shops
- **Applications:** Roughing, fitting, and grinding of parts
- **Durability:** Robust construction for long-lasting use
- **Versatility:** Suitable for different types of materials

The Hedgehog-LDBPPUF10 File It combines functionality and ergonomics, making it an indispensable tool for any professional in the mechanical sector.
