Description

The Erizo-LDBRM81364 8 x 13/64" Chainsaw File is a high-precision tool designed to meet the needs of both professional and amateur chainsaw users. Its circular cross-section with a uniform radius along its entire length ensures consistent and efficient chain sharpening. Made from special high-chromium steel, this file offers exceptional durability and wear resistance, making it an ideal choice for extended use. The double-cut design provides more effective sharpening, allowing for a finer and more precise finish with each use. Additionally, its two-component handle with a soft grip ensures comfortable and secure handling, minimizing fatigue during operation.

- **Shape:** Round
- **Cutting Type:** Double
- **Dimensions:** 8 x 13/64"
- **Material:** Special high-chromium steel Chrome
- **Durability:** High wear resistance
- **Handle:** Bi-material with soft grip
- **Use:** Sharpening chainsaw chains
- **Design:** Circular section of equal radius
- **Comfort:** Minimizes fatigue during use
- **Application:** Ideal for professionals and hobbyists
