Description

The Ruko-101326RO 3-piece step drill set is designed to deliver exceptional performance when drilling sheet metal in a variety of industries, including electrical, plumbing, heating, and automotive. With a cutting point that meets DIN 1412 C and a 118° cutting angle, these drills ensure efficient and precise penetration. Their right-hand cutting design and 90° taper angle allow for versatile and effective use in different applications.

CBN grinding, along with spiral chip flutes, ensures clean cutting without noise, vibration, or burrs, improving the quality of the finished work. Each step of the drill bit is radially adjusted and ground, and the steps are laser-marked for ease of use.

This set is suitable for sheet metal up to 4 mm thick, making it an essential tool for professionals seeking precision and durability in their drilling.

- **Number of cutting edges:** 3
- **Coating:** Uncoated
- **Spindle:** 3-way clamping surface
- **Cutting direction:** Right-hand cut
- **Material:** HSS
- **Tolerance:** Job specification
- **Point angle:** 118°
- **Pitch angle:** 90°

Specifications

High	4,00
Width	12,00
EAN	4007140389510
Manufacturer	Ruko
Weight (kg)	0,6600
Depth	16,00
