Description

The Kukko-GE10-10 threaded adapter is an essential tool for removing parts with female threads. Designed for use with both counterweights and slide hammers, this adapter ensures optimal performance in a variety of mechanical applications. Its robust and precise construction allows for easy handling and a secure fit, making it a reliable choice for professionals in the industry.

One of the standout features of this adapter is the laser-marked dimensions, which facilitates clear and precise thread identification.

This not only improves work efficiency but also reduces the risk of errors during the extraction process.

- **Model:** Kukko-GE10-10
- **Type:** M10/M10 Threaded Adapter
- **Compatibility:** Use with counter-supports and slide hammers
- **Material:** High-strength steel
- **Dimensions:** Laser-marked for easy identification
- **Applications:** Extraction of parts with female threads
- **Design:** Compact and lightweight
- **Durability:** High wear resistance
- **Ease of use:** Quick and secure installation
- **Precision:** High-quality manufacturing for a perfect fit

Specifications

Colour	Black
EAN	4021176180460
Manufacturer	Kukko
Weight (kg)	0,0350
