Description

The Kukko-GE8-10 threaded adapter is an essential tool for extracting parts with female threads, designed for use with both counterweights and slide hammers. This adapter stands out for its precision and ease of use, allowing professionals to perform extraction tasks efficiently and safely. The dimensions are laser-marked, facilitating thread identification and ensuring proper alignment during use. Its robust construction guarantees durability and strength, making it a reliable ally in any workshop or work environment.

- **Model:** Kukko-GE8-10
- **Type:** M8/M10 Threaded Adapter
- **Compatibility:** Use with counterweights and slide hammers
- **Identification:** Laser-marked dimensions for easy identification
- **Material:** Robust construction for greater durability
- **Application:** Extraction of parts with female threads
- **Professional Use:** Ideal for workshops and industrial environments
- **Ease of Use:** Design that allows for quick and secure installation
- **Dimensions:** Adapter designed for a precise fit
- **Quality:** Product of high quality for optimal performance

Specifications

Colour	Black
EAN	4021176188428
Manufacturer	Kukko
Weight (kg)	0,0300
