Description

The Kukko-GE5-10 threaded adapter is an essential tool for extracting female-threaded parts, designed for use with both counterweights and slide hammers. Its robust and precise construction ensures optimal performance in a variety of applications, facilitating work in industrial and mechanical environments. This adapter is distinguished by its laser-marked dimensions, which allow for clear and quick thread identification, ensuring hassle-free installation and use.

- **Compatibility:** Designed for parts with female threads.
- **Versatile Use:** Compatible with counterweights and slide hammers.
- **Clear Identification:** Laser-marked dimensions for easy thread identification.
- **Durable Material:** Made from high-quality materials for a long service life.
- **Precision:** Design that ensures a perfect fit and efficient performance.
- **Ease of Use:** Simple installation saves time during the removal process.
- **Compact Dimensions:** Facilitates storage and transport.
- **Multiple Applications:** Ideal for machine shops and industrial applications.
- **Safety:** Design that minimizes the risk of damage to parts during removal.
- **Reliable performance:** Ensures consistent results every time.

Specifications

Colour	Black
EAN	4021176185380
Manufacturer	Kukko
Weight (kg)	0,0200
