Description

The MPS-5019 M3 HSS Bi-Metal Hole Saw, 50 Series (19 mm), is a high-precision tool designed for cutting a wide variety of materials. Its high-speed steel (HSS) construction and bi-metal design ensure exceptional durability and superior performance in drilling applications. This saw is ideal for working with metal, wood, and plastics, delivering clean and efficient cuts.

The combination of its optimized cutting geometry and material strength allows the MPS-5019 to maintain its sharpness longer, reducing the need for frequent replacements.

Its 19 mm diameter makes it suitable for a variety of projects, from DIY work to industrial applications.

- **Diameter:** 19 mm
- **Material:** Bimetallic High Speed Steel (HSS)
- **Applications:** Metal, wood, and plastics
- **Durability:** High wear resistance
- **Cutting geometry:** Optimized for precise cuts
- **Compatibility:** Compatible with most electric drills
- **Use:** Ideal for DIY and industrial work
- **Edge:** Keeps its edge longer
- **Series:** 50
- **Manufacturer:** MPS
