Description

The MPS-5032 Series 50 M3 HSS Bi-Metal Hole Saw (32 mm) is a high-precision tool designed for cutting a wide variety of materials. Its high-speed steel (HSS) construction and bi-metal design ensure exceptional durability and superior performance in demanding applications. This saw is ideal for drilling metals, plastics, and wood, delivering clean and efficient cuts.

The combination of its optimized geometry and specific heat treatment allows the MPS-5032 to maintain its edge longer, reducing the need for frequent replacements.

Its 32 mm diameter makes it a versatile option for DIY projects and professional work, ensuring quality results every time.

- **Diameter:** 32 mm
- **Material:** Bi-metal high-speed steel (HSS)
- **Applications:** Drilling in metal, plastic, and wood
- **Durability:** High wear resistance
- **Design:** Optimized geometry for precise cuts
- **Heat treatment:** Improves edge retention
- **Compatibility:** Compatible with most electric drills
- **Use:** Ideal for professionals and DIY enthusiasts
- **Series:** 50
- **Manufacturer:** MPS

Specifications

EAN	4028655050320
Manufacturer	MPS
