Description

The HM Series 73 MPS-73019 hole saw is a high-precision tool designed for cutting a variety of materials, including wood, plastic, and non-ferrous metals. With a 19 mm diameter, this hole saw stands out for its durability and performance, thanks to its high-quality construction that ensures clean and efficient cuts. Its optimized design allows for easy installation in standard drills, making it a versatile option for professionals and DIY enthusiasts.

- **Diameter:** 19 mm
- **Material:** Tungsten carbide (HM)
- **Applications:** Ideal for wood, plastic, and non-ferrous metals
- **Design:** Robust and lightweight construction
- **Compatibility:** Fits standard drills
- **Precise cuts:** Advanced cutting technology for optimal results
- **Durability:** High wear resistance and long service life
- **Easy handling:** Ergonomic design for ease of use
- **Professional use:** Recommended for woodworking and DIY projects
- **Manufacturing:** High-quality production process quality

The HM Series 73 MPS-73019 hole saw is an essential tool for those seeking precision and efficiency in their cutting projects.
