

Product sheet

HM MPS 73 mm diameter hole saw for precise and durable drilling.

Brand: MPS

Reference: TUR 73075

The HM Series 73 MPS-73075 hole saw, with a 75 mm diameter, is designed for precise cuts in various materials. Its carbide construction ensures durability and performance, ideal for woodworking and construction applications.

Description

The MPS-73075 HM Series 73 (75 mm) hole saw is a high-precision tool designed for clean, efficient cuts in a variety of materials. Its carbide (HM) construction ensures exceptional durability and a long service life, making it an ideal choice for professionals and DIY enthusiasts. With a 75 mm diameter, this hole saw is perfect for drilling holes in wood, plastic, and thin metals, delivering optimal results every time.

The 73 Series features an innovative design that allows for easy installation and superior performance. Its cutting geometry is optimized to reduce friction and heat, improving cut quality and extending tool life.

Furthermore, its compatibility with a wide range of electric drills makes it versatile and practical for different applications.

- **Diameter:** 75 mm
- **Material:** Carbide (HM)
- **Use:** Drilling in wood, plastic, and thin metals
- **Design:** Optimized cutting geometry
- **Durability:** High wear resistance
- **Installation:** Quick and easy
- **Compatibility:** Suitable for various electric drills
- **Applications:** Ideal for DIY and professional work
- **Performance:** Clean and precise cuts
- **Series:** 73

Specifications

EAN	4028655073145
Manufacturer	MPS
