

Product sheet

HM MPS 73 mm diameter hole saw, ideal for precise cuts in wood.

Brand: MPS

Reference: TUR 73105

The HM Series 73 MPS-73105 hole saw has a 105 mm diameter. Designed for precise cuts in various materials, its carbide construction ensures durability and performance. Ideal for applications in wood, plastic, and other composites.

Description

The HM Series 73 MPS-73105 hole saw is a high-precision tool designed for cutting a wide variety of materials. With a 105 mm diameter, this saw is ideal for applications in wood, plastic, and non-ferrous metals. Its tungsten carbide construction ensures exceptional durability and superior performance, allowing for clean and efficient cuts. The geometry of its teeth is optimized to reduce friction and heat, which prolongs the tool's lifespan and improves cut quality.

- **Diameter:** 105 mm
- **Material:** Tungsten Carbide (HM)
- **Applications:** Wood, plastic, and non-ferrous metals
- **Tooth Geometry:** Optimized for clean cuts
- **Durability:** High wear resistance
- **Compatibility:** Compatible with most electric drills
- **Cutting Depth:** Suitable for various applications
- **Finish:** Precise, chip-free cuts
- **Use:** Ideal for professionals and DIY enthusiasts
- **Series:** 73

The MPS-73105 is an essential tool for those seeking quality and efficiency in their drilling projects.

Specifications

Colour	Madera
EAN	4028655073169
Manufacturer	MPS
Material	Wood
