Description

The MPS-75051-1 diamond hole saw is a high-precision tool designed to drill through hard materials with ease and efficiency. With a 51 mm diameter, this saw is ideal for construction, remodeling, and maintenance applications, allowing for clean and precise cuts in a variety of surfaces, including ceramic, glass, concrete, and stone. Its robust and durable design ensures optimal performance, even under demanding working conditions.

The 75 series is distinguished by its advanced diamond technology, which provides greater durability and wear resistance.

This hole saw is compatible with most electric drills and offers easy installation, making it a practical choice for professionals and DIY enthusiasts.

- **Diameter:** 51 mm
- **Material:** High-quality diamond
- **Applications:** Ceramic, glass, concrete, stone
- **Cutting type:** Precise and clean drilling
- **Compatibility:** Compatible with most electric drills
- **Durability:** High wear resistance
- **Design:** Robust structure for heavy-duty use
- **Use:** Ideal for professionals and DIYers
- **Series:** 75
- **Installation ease:** Quick and easy
