Description

The Velamp-IS525 is a workshop lamp holder designed to provide practical and efficient lighting in environments such as garages, cellars, workshops, and construction sites. Its robust construction and versatile functionality make it an indispensable tool for any DIY enthusiast or professional in the field. Equipped with an adjustable hook, it can be easily hung in various positions, providing adequate lighting in specific work areas. The E27 lamp holder is compatible with bulbs up to 60W (not included), offering the flexibility to choose the light source that best suits the user's needs. Furthermore, its 5-meter neoprene cable with a 10A flat plug ensures a safe and durable connection.
