

Product sheet

6-socket power strip, 1.5m cable, 3G1.5mm, 3500W

Brand: FABRILAMP

Reference: FAB 166420615

Multiple socket with 6 outlets in WHITE, with a 1.5-meter flexible 3-wire copper cable (1.5 mm²) and child safety protection. Maximum power rating: 3500 watts and 16 amps. Made with durable materials such as polypropylene and copper. Allows you to connect multiple electronic devices simultaneously at a distance of 40 to 195 centimeters. A wide range of extension cords of different cable lengths, with and without a power switch, with and without a USB port, single or multiple, and even retractable, are available on our website.

Description

The 6-socket power strip in white is a practical and efficient solution for power distribution in spaces where multiple electronic devices need to be connected. Its functional design and high-quality materials guarantee safe and long-lasting use.

- With 6 sockets for connecting several devices simultaneously.
- Cable length: 1.5 meters, providing flexibility in device placement.
- 3-wire copper cable with a 1.5 mm² cross-section, ensuring good electrical conductivity.
- Maximum power of 3500 watts and current of 16 A, suitable for most electronic appliances.
- Made of durable polypropylene, offering durability and wear resistance.
- Incorporates child safety features, increasing safety in environments with children.
- Allows devices to be connected at a distance of between 40 and 195 centimeters, adapting to different space configurations.

Specifications

High	4
------	---

Width	5
Colour	White
EAN	8435161460417
Manufacturer	FABRILAMP
Material	Copper
Measures	4X5X40
Weight (kg)	13,118
Depth	40,05
Cable cross-section (mm ²)	3G1.5
Nominal voltage (V)	230V
