Electrical extension 5 m 3G1.5 mm² 3500 W

Brand: FABRILAMP

Reference: FAB 166450105

White extension cord with 5 meters of flexible, 3-wire copper cable (1.5 mm²) and child safety protection. Maximum power rating: 3500 watts and 16 amps. Made with durable materials such as polypropylene and copper. Allows you to connect electronic devices up to 515 centimeters away. A wide range of extension cords of different cable lengths, with and without a power switch, with and without a USB port, single or multiple, and even retractable, are available on our website.

Description

The 5-meter electrical extension cord is a practical and efficient solution for extending the reach of your electronic devices. Designed in white, this extension cord combines functionality and safety, allowing for a reliable connection in various situations. Its robust construction guarantees prolonged and safe use at home or in the office.

- Cable length: 5 meters, providing ample connection distance.
- Cable cross-section: 3 copper wires of 1.5 mm², ensuring good electrical conductivity.
- Maximum power: 3500 watts, suitable for most electronic devices.
- Maximum current: 16 A, allowing the connection of multiple devices without risk of overload.
- Materials: Made of polypropylene and copper, guaranteeing durability and resistance.
- Child protection: Design prevents accidental access to power outlets.

This extension cord is a versatile option that adapts to different needs, with the possibility of connecting devices at a distance of up to 515 centimeters. On our website, we offer a variety of extension cords in different lengths and configurations, including options with a cut-off switch and USB ports, to meet diverse preferences and usage requirements.

Specifications

High	6
Width	6

Colour	White
EAN	8435161400482
Manufacturer	FABRILAMP
Material	Copper
Measures	6X6X515
Weight (kg)	13,134
Depth	515
Cable cross-section (mm²)	3G1.5
Nominal voltage (V)	230V
