Electrical extension 15 m 3G1.5 mm² 3500 W

Brand: FABRILAMP

Reference: FAB 166450115

White extension cord with 15 meters of flexible, 3-wire copper cable (1.5 mm²) and child safety protection. Maximum power rating: 3500 watts and 16 amps. Made with durable materials such as polypropylene and copper. Allows you to connect electronic devices up to 1515 centimeters away. A wide range of extension cords of different cable lengths, with and without a power switch, with and without a USB port, single or multiple, and even retractable, are available on our website.

[View product online](#)**Description**

The 15-meter electrical extension cord is a practical and efficient solution for extending electrical connections in various environments. Its white design blends easily into any space, while its robust construction ensures long-lasting and safe use. This extension cord is designed to handle a maximum power of 3500 watts, making it suitable for a wide variety of electronic devices.

- Cable length: 15 meters
- Cable cross-section: 3 copper wires of 1.5 mm²
- Maximum power: 3500 watts
- Maximum current: 16 A
- Materials: High-quality polypropylene and copper
- Built-in child safety lock for added security

This extension cord allows you to connect devices at a distance of up to 15 meters, facilitating access to them flexibly and durably. Its design makes it suitable for indoor and outdoor use, adapting to different needs and situations. Furthermore, it is available in a variety of lengths and configurations, allowing users to choose the most suitable option based on their specific requirements.

Specifications

High	6
Width	6
Colour	White
EAN	8435161400512
Manufacturer	FABRILAMP
Material	Copper
Measures	6X6X1515
Weight (kg)	13,136
Depth	1515
Cable cross-section (mm²)	3G1.5
Nominal voltage (V)	230V
