Product sheet

ACTI9 iTL 16A 48VAC 2P remote control relay switch with DIN rail mounting

Brand: SCHNEIDER

Reference: IMPO A9C30215

The Acti9 iTLi 1P 16A 48VAC 24VDC remote switch from the ITL range allows for manual and remote control. With 2 poles and a rated current of 16 A, it is ideal for residential and small commercial applications. DIN rail mounting.

Description

The **Acti9 iTL+** is a high-quality remote switch designed for residential and small commercial applications. This device, part of Schneider Electric's ITL range, offers exceptional performance in electrical circuit control. With a rated current of **16 A** and a control circuit voltage of **48 V AC** and **24 V DC**, the iTLi is ideal for disconnecting coils and allows for manual and remote control via an illuminated stop pushbutton.

The remote switch has two poles, with a contact configuration of **1 to + 1 NC**, and is capable of performing up to **100 switching operations per day**. Its compact design, with dimensions of **84 mm height**, **18 mm width** and **60 mm depth**, allows for fixed mounting on a DIN rail, occupying only **2 x 9 mm steps**.

Technical characteristics include:

- Main frequency: 50/60 Hz
- Nominal operating voltage: 250 V AC
- Electrical durability: 200,000 cycles (AC-21) and 100,000 cycles (AC-22)
- Protection rating: IP20 (open) and IP40 (enclosed)
- Operating temperature: -20 to 50 °C
- Relative humidity: up to 95% at 55 °C
- Standards and Certifications: EN 669-2-2, CCC, GOST, KEMA, among others
- Connections: Tunnel-type terminals for rigid and flexible cables
- Tightening torque: 1 Nm

- Contamination level: 3

Specifications

Rated current (A)	16
EAN	3606480091995
Manufacturer	Schneider
No. of poles	2P
Reference	SCHNEIDER A9C30215
