SCHNEIDER ACTI 9 2P 0.5A C 70kA 400V AC 50/60Hz IP20 automatic switch

Brand: SCHNEIDER

Reference: IMPO A9F84270

Acti 9 iC60 RCBO miniature circuit breaker, 2-pole, rated current 0.5 A. Designed for DC and AC current, with a breaking capacity of up to 70 kA. Complies with IEC 60898-1 and EN 60898-1 standards. Ideal for small businesses.

Description

The **Acti 9 iC60 RCBO** is a high-quality miniature circuit breaker designed for applications requiring a current above 0.1 A. It belongs to the **Acti 9** range and is ideal for protecting electrical circuits in small businesses. This device features a robust and efficient design, ensuring the protection of electrical equipment against overloads and short circuits.

With a **2P** number of poles and a rated current of **0.5 A**, the iC60H is suitable for both DC and AC networks. Its trip unit technology is thermal-magnetic, providing a fast response to electrical faults. This model has a breaking capacity of **10,000 A Icn** at 400 V AC and up to **70 kA Icu** at various voltages, guaranteeing a high level of safety.

- Main frequency: 50/60 Hz
- Nominal operating voltage: 220...240 V AC
- Disconnecting capacity: Yes, according to EN 60898-1
- Electrical durability: 10,000 cycles
- Protection rating: IP20
- Operating ambient temperature: -35...70 °C
- Mounting: Fixed on DIN rail
- Connections: Single terminal, cable type 1...25 mm² rigid
- Height: 85 mm, Width: 36 mm Depth: 78.5 mm
- Weight: 0.25 kg

The Acti 9 iC60 RCBO is a reliable solution for electrical protection in commercial environments, complying with IEC 60898-1 and EN 60898-1 standards.

Specifications

Rated current (A)	0
Curve	C
EAN	3606480082542
Manufacturer	Schneider
No. of poles	2P
Reference	SCHNEIDER A9F84270
Nominal voltage (V)	380V
