**MUREVA gray IP55 pushbutton
10 A 250 V AC, 2 tilting
elements, surface**

Brand: SCHNEIDER

Reference: IMPO MUR35042

IP55 gray roller shutter push button from the Mureva Styl range. Electromechanical mechanism with two tilting elements, suitable for indoor and outdoor use. Surface mounted, resistant to chemical agents and with an IP55 protection rating. Dimensions: 71x71x40 mm.

[View product online](#)**Description**

The **IP55 Grey Shutter Push Button** from the Mureva Styl range is an electromechanical device designed for the efficient control of shutters in both indoor and outdoor environments. Its elegant grey finish (RAL 7016) blends seamlessly into any décor, offering a functional and aesthetically pleasing solution. This surface-mounted mechanism features a rocker actuator and is manufactured from high-quality materials, such as bronze, SEBS, and ABS, ensuring durability and resistance.

With a rated current of 10 A and a rated operating voltage of 250 V AC, this push button is ideal for residential and commercial applications. Its robust design provides IP55 protection, making it resistant to dust and splashing water, while its IK07 rating ensures good impact resistance.

Furthermore, it is self-extinguishing at 650 °C, complying with IEC 60695-2-1.

- Dimensions: 71 mm x 71 mm x 40 mm
- Mounting: Flush surface
- Connection capacity: 1.5...2.5 mm² for rigid and flexible cables
- Resistance to chemical agents: Alcohol, ammonia, bleach, among others
- Operating temperature: -5...40 °C
- Storage temperature: -25...55 °C
- Quality labels: EAC, CE, AENOR, NF
- Standards: EN 60669-1

Specifications

Rated current (A)	10
Colour	Grey
EAN	3606480789465
Manufacturer	Schneider
Reference	SCHNEIDER MUR35042
Nominal voltage (V)	250V
