SCHNEIDER ACTI 9 3-pole 1A 100kA breaking capacity circuit breaker

Brand: SCHNEIDER

Reference: IMPO A9F94301

Acti 9 iC60 RCBO miniature circuit breaker, model IC60L, with 3 poles and a rated current of 1 A. Thermal-magnetic technology, breaking capacity up to 100 kA. Ideal for residential and small commercial applications. IP20 protection rating.

Description

The Acti 9 iC60 RCBO IC60L Miniature Circuit Breaker is a high-quality device designed for the protection of electrical circuits in applications with currents above 0.1 A. This model belongs to the Acti 9 range and features thermal-magnetic tripping technology, ensuring a fast response to overloads and short circuits.

With 3 poles and a rated current of 1 A, the IC60L is ideal for alternating current (AC) networks and offers a breaking capacity of up to 15,000 A Icn at 400 V AC, complying with EN/IEC 60898-1 standards. Its compact design allows for easy DIN rail mounting, and its contact position indicator provides clear signaling of the device's status.

This circuit breaker is suitable for small commercial and residential applications, guaranteeing a high level of safety and reliability.

Its IP20 protection rating and ability to operate in a temperature range of -35 to 70 °C make it versatile for various environmental conditions.

- **Rated current:** 1 A
- **Number of poles:** 3P
- **Breaking capacity:** 15000 A Icn at 400 V AC
- **Maintenance type:** AC
- **Maintenance frequency:** 50/60 Hz
- **Mounting:** DIN rail
- **Protection rating:** IP20

- **Operating temperature:** -35 to 70 °C
- **Weight:** 0.375 kg
- **Electrical durability:** 10000 cycles

Specifications

Rated current (A)	1
Curve	C
EAN	3606480084393
Manufacturer	Schneider
No. of poles	3P
Reference	SCHNEIDER A9F94301
