Description

The Somachine 3-meter Programming Cable is an essential tool for connecting and programming industrial automation devices. Designed to provide efficient communication between Somachine software and controllers, this cable ensures stable and fast data transmission. Its 3-meter length offers installation flexibility, allowing convenient access to equipment in a variety of work environments. Made with high-quality materials, this cable ensures durability and wear resistance, making it a reliable choice for professionals in the field of automation.

- **Length:** 3 meters
- **Compatibility:** Somachine Software
- **Connectors:** USB to RS-232
- **Data Transmission:** High Speed
- **Material:** Durable PVC
- **Use:** Controller Programming and Configuration
- **Installation:** Plug and Play
- **Color:** Black
- **Certifications:** CE, RoHS
- **Warranty:** 1 year

Specifications

EAN	3606480076633
Reference	SCHNEIDER TCSXCNAMUM3P
Series	Solera Mural
