

Product sheet

SCHNEIDER INT 1x3A 3kA miniature circuit breaker for electrical protection.

Brand: SCHNEIDER

Reference: IMPO GB2CB08

The INT.MAGNETO-TERM CONTROL 1 X 3A 3KA is an electrical protection device that combines the functions of a circuit breaker and a thermal circuit breaker. Designed to ensure safety in electrical installations, it offers a capacity of 3 amps and 3 kilovolts.

Description

The INT.MAGNETO-TERM CONTROL 1 X 3A 3KA is an electrical protection device designed to ensure the safety and proper functioning of electrical installations. This switch combines the functions of a circuit breaker, offering protection against overloads and short circuits, making it an ideal solution for residential and industrial applications. Its compact design allows for easy integration into electrical panels, while its 3A and 3kA capacity ensures efficient performance under various operating conditions.

- **Device Type:** Miniature Circuit Breaker
- **Rated Current:** 3A
- **Breaking Capacity:** 3kA
- **Protection Against:** Overloads and Short Circuits
- **Mounting:** DIN Rail
- **Dimensions:** Compact for easy installation
- **Operating Temperature:** -25°C to +60°C
- **Certifications:** Complies with international standards
- **Service Life:** High durability and reliability
- **Applications:** Residential and industrial
