

Product sheet

SCHNEIDER INT. 2-pole, 3A, 3kA circuit breaker with overload protection.

Brand: SCHNEIDER

Reference: IMPO GB2CD08

The INT.MAGNETO-TERM CONTROL 2 X 3A 3KA is an electrical protection device that combines the functions of a circuit breaker. Designed to ensure safety in electrical installations, it offers a capacity of 3 amps and protection up to 3 kilovolts.

Description

The INT.MAGNETO-TERM CONTROL 2 X 3A 3KA is an electrical protection device designed to ensure the safety and proper functioning of electrical installations in residential and industrial environments. This device combines the functions of a circuit breaker, offering protection against overloads and short circuits, making it a comprehensive energy management solution. Its compact design allows for easy installation in electrical panels, optimizing space and facilitating maintenance. Furthermore, its 3A and 3kA capacity ensures efficient and reliable performance in various applications.

- **Device Type:** Miniature Circuit Breaker
- **Rated Current:** 2 x 3A
- **Breaking Capacity:** 3kA
- **Protection:** Against overloads and short circuits
- **Installation:** DIN rail mounting
- **Dimensions:** Compact for space optimization
- **Material:** High-strength housing
- **Operating Temperature:** Wide operating range
- **Certifications:** Complies with electrical safety regulations
- **Applications:** Residential and industrial

Specifications

Rated current (A)	3
EAN	3389110214741
No. of poles	1P+N
Reference	SCHNEIDER GB2CD08
