# INV. EVER 50A 3P AC3 230VAC 50/60Hz switch for efficient electrical control

Brand: SCHNEIDER

Reference: IMPO LC2D50AP7

The INV. EVER 3P AC3 50A 230VAC-50/60Hz is a power inverter designed for industrial applications. It offers a capacity of 50 amps and is compatible with 230VAC systems, operating at frequencies of 50 and 60 Hz.

## Description

The INV. EVER 3P AC3 50A 230VAC-50/60Hz is a power inverter designed for industrial and commercial applications requiring a reliable and efficient power supply. This device allows the conversion of direct current (DC) to alternating current (AC), ensuring optimal performance in renewable energy systems and in situations where backup power is needed. Its robust construction and advanced technology ensure a long lifespan and stable operation, even under demanding conditions.

- **Inverter Type:** AC Inverter
- **Phase:** Three-phase (3P)
- **Capacity:** 50 Amps
- **Output Voltage:** 230 VAC
- **Frequency:** 50/60 Hz
- **Applications:** Renewable energy systems, power backup
- **Construction:** Robust and durable
- **Performance:** Efficient and stable
- **Installation:** Simple and quick
- **Certifications:** Complies with safety regulations and quality

## Specifications

| | |
|---|---|
| Rated current (A) | 50 |
| EAN | 3389119409605 |
| No. of poles | 3P |
| Reference | SCHNEIDER LC2D50AP7 |
