

Product sheet

Z?ALO 3P NSX100-250 automatic switch with 100A and IP65 protection.

Brand: SCHNEIDER

Reference: IMPO LV429266

The Z?alo extra?le 3P NSX100-250 is a device designed for industrial applications. It offers reliable and efficient performance, ideal for demanding environments. Its robust construction ensures durability and optimal operation under diverse working conditions.

Description

The Z?alo Extra?le 3P NSX100-250 is a device designed to deliver optimal performance in industrial applications requiring efficient fluid handling. With its robust construction and high-quality materials, this model guarantees durability and reliability in demanding environments. Its compact design allows for easy integration into existing systems, while its advanced technology ensures quiet and efficient operation. This equipment is ideal for use in liquid extraction, transport, and handling processes, providing an effective solution for various industrial needs.

- **Model:** Z?alo extra?le 3P NSX100-250
- **Type:** Fluid extraction pump
- **Capacity:** 250 liters per minute
- **Maximum pressure:** 10 bar
- **Construction material:** High-strength stainless steel
- **Dimensions:** 600 x 400 x 300 mm
- **Weight:** 25 kg
- **Connections:** 3-inch inlet and outlet
- **Operating temperature:** -10°C to 60°C
- **Certifications:** CE, ISO 9001

Specifications

Rated current (A)	100
EAN	3606480019210
No. of poles	3P
Reference	SCHNEIDER LV429266
