

Product sheet

Z?ALO 4-pole NSX100-250 automatic switch with a rated current of 100A.

Brand: SCHNEIDER

Reference: IMPO LV429267

The Z?alo extra?le 4P NSX100-250 is a device designed for industrial applications. It offers efficient and reliable performance, ideal for various electrical configurations. Its compact design facilitates installation and maintenance, ensuring optimal operation in demanding environments.

Description

The Z?alo extra?le 4P NSX100-250 is a device designed to deliver optimal performance in industrial and commercial applications. Its robust construction and advanced technology ensure efficient and safe operation in demanding environments. This model stands out for its adaptability to various electrical configurations, making it a versatile option for diverse needs. With a design that prioritizes ease of use and maintenance, the Z?alo Extra?le 4P NSX100-250 is ideal for those seeking reliability and durability in their electrical equipment.

- **Type:** 4-pole circuit breaker
- **Rated capacity:** 100-250 A
- **Rated voltage:** 400 V
- **Protection:** Overload and short circuit
- **Dimensions:** Compact for easy installation
- **Material:** Durable plastic and high-quality metal components
- **Certifications:** Complies with international safety standards
- **Operating temperature:** -25°C to +70°C
- **Accessories:** Compatible with a wide range of optional accessories
- **Warranty:** 2-year manufacturer's warranty

Specifications

Rated current (A)	100
EAN	3606480019227
No. of poles	4P
Reference	SCHNEIDER LV429267
