Description

The two Compact pull-out baseboard plugs are an essential component for the installation and maintenance of electrical systems in residential and commercial environments. Designed to provide a secure and efficient connection, these plugs allow for easy integration into pull-out baseboards, ensuring optimal performance and long-lasting durability. Their compact design facilitates installation in confined spaces, while their robust construction ensures resistance to daily use. These plugs are ideal for applications requiring quick and safe disconnection of electrical devices.

- **Compatibility:** Designed for Compact pull-out sockets.
- **Material:** Made of high-quality plastic and durable metal.
- **Dimensions:** Compact for easy installation in confined spaces.
- **Connection:** Quick-connect system for efficient use.
- **Durability:** Resistant to impacts and harsh environmental conditions.
- **Installation:** Simple process requiring no specialized tools.
- **Safety:** Complies with current electrical safety regulations.
- **Use:** Suitable for residential and commercial applications.
- **Color:** Available in black for seamless integration aesthetics.
- **Certification:** Product certified to guarantee its quality and performance.

Specifications

EAN	3606480021374
Reference	SCHNEIDER LV429268
Series	Solera Mural
