INV 40A 4P 230V 50/60HZ Switch - high capacity and versatility in electrical control

Brand: SCHNEIDER

Reference: IMPO LC2DT40P7

The INV 40A AC1 4P 230V 50/60HZ is an electrical device designed for alternating current applications. With a capacity of 40 amps, it operates at 230 volts and is compatible with frequencies of 50 and 60 hertz.

Description

The INV 40A AC1 4P 230V 50/60HZ is a device designed to offer optimal performance in medium- and high-load electrical applications. This 4-pole circuit breaker is ideal for protecting electrical circuits in industrial and commercial environments, ensuring safety and efficiency in power distribution. Its robust design and ability to handle currents up to 40 amps make it a reliable solution for various electrical installations. Furthermore, its compatibility with 230V voltages and 50/60Hz frequencies makes it versatile for different electrical configurations.

- **Type:** AC1 Circuit Breaker
- **Rated Current:** 40A
- **Number of Poles:** 4P
- **Rated Voltage:** 230V
- **Frequency:** 50/60Hz
- **Protection:** Overload and Short Circuit
- **Installation:** DIN Rail Mounting
- **Operating Temperature:** -5°C to 40°C
- **Standards:** Complies with international safety standards
- **Dimensions:** Compact for easy panel integration electrics

Specifications

Rated current (A)	40
EAN	3389110246988
No. of poles	4P
Reference	SCHNEIDER LC2DT40P7
Nominal voltage (V)	230V
