

Product sheet

SCHNEIDER C60N 1 pole 20A 230V type C circuit breaker.

Brand: SCHNEIDER

Reference: IMPO M9F22120

The C60N UL1077 1P C 20A Box is a single-pole circuit breaker designed to protect electrical circuits. With a rated current of 20 amps, it offers safety and reliability in electrical installations, complying with current regulations.

Description

The C60N UL1077 1P C 20A Box is a circuit breaker designed to provide reliable protection in residential and industrial electrical installations. Compliant with UL1077 standards, this device ensures optimal performance in managing electrical circuits, guaranteeing safety and energy efficiency. Its compact design allows for easy integration into electrical panels, while its 20-amp capacity makes it suitable for a variety of applications. The technology used in its manufacture ensures a long service life and stable operation, even under high-demand conditions.

- **Type:** Single-pole circuit breaker
- **Standards:** Complies with UL1077
- **Rated current:** 20A
- **Rated voltage:** 240V AC
- **Curve:** Type C, suitable for inductive loads
- **Dimensions:** Compact for easy installation
- **Material:** Durable plastic housing
- **Operating temperature:** -25°C to +60°C
- **Certifications:** UL, CE
- **Applications:** Residential and industrial

Specifications

Rated current (A)	20
Curve	C
EAN	3606481168177
No. of poles	1P
Reference	SCHNEIDER M9F22120

Nominal voltage (V)	230V
