Description

The C60N UL1077 2P C 2A Box is an electrical protection device designed to ensure the safety and proper functioning of electrical installations. This double-pole (2P) circuit breaker offers a rated current capacity of 2 amps, making it an ideal choice for low-power applications. Its compact and robust design allows for easy integration into electrical panels, ensuring reliable and long-lasting performance. This product complies with UL1077 standards, guaranteeing its quality and safety in use.

- **Type:** Double Pole (2P) Circuit Breaker
- **Rated Current:** 2 Amps
- **Standard:** Complies with UL1077
- **Applications:** Ideal for low-power circuits
- **Design:** Compact and robust
- **Installation:** Easy integration into electrical panels
- **Protection:** Prevents overloads and short circuits
- **Material:** Manufactured with high-quality materials
- **Operating Temperature:** Suitable range for various environmental conditions
- **Lifespan:** Long lifespan and reliable performance

Specifications

Rated current (A)	2
Curve	C
EAN	3606481168443
No. of poles	2P
Reference	SCHNEIDER M9F22202
