

Product sheet

CEM ATV12 1.5kW 240V 1PH filter with IP protection class.

Brand: SCHNEIDER

Reference: IMPO ATV12HU15M2

The ATV12 1.5KW 240V 1PH is a frequency inverter designed for industrial applications. It features a Class C EMF filter, ensuring efficient and compliant operation. Ideal for optimizing the control of electric motors in various installations.

Description

The ATV12 1.5KW 240V 1PH is a frequency inverter designed to optimize the control of electric motors in industrial and commercial applications. This device offers an efficient and reliable solution for regulating motor speed and torque, guaranteeing optimal performance and significant energy savings. Its Class EMC filter ensures operation free from electromagnetic interference, complying with the most demanding regulations in sensitive environments. With an intuitive interface and versatile configuration options, the ATV12 adapts to diverse automation and control needs.

- **Rated Power:** 1.5 kW
- **Supply Voltage:** 240V
- **Phase:** 1PH
- **EMC Filter:** Class for interference reduction
- **Frequency Range:** 0 to 400 Hz
- **Protection:** IP20, suitable for industrial environments
- **Interface:** Intuitive control panel
- **Control Functions:** Adjustable acceleration and deceleration
- **Compatibility:** Ideal for induction motors
- **Dimensions:** Compact for easy installation

Specifications

EAN	3606480071096
Reference	SCHNEIDER ATV12HU15M2
Nominal voltage (V)	240
