Product sheet

SCHNEIDER C60N automatic switch 2 poles 1A 230V type C.

Brand: SCHNEIDER

Reference: IMPO M9F42201

The C60N UL489 2P C 1A Box is a two-pole circuit breaker designed to protect electrical circuits. With a 1A current rating, it offers safety and reliability in electrical installations, complying with UL489 standards.

Description

The C60N UL489 2P C 1A Box is a circuit breaker designed to provide effective protection in low-voltage electrical circuits. This device complies with UL489 standards, ensuring its reliability and safety in residential and industrial applications. Its compact design allows for easy installation in electrical panels, while its fast-disconnect capability protects connected equipment from overloads and short circuits. With a rated current of 1A, this circuit breaker is ideal for circuits requiring precise and efficient protection.

- **Type:** Circuit breaker
- **Standard:** UL489
- **Poles:** 2P (double pole)
- **Rated current:** 1A
- **Curve:** C (moderate overload protection)
- **Rated voltage:** 230/400V AC
- **Frequency:** 50/60 Hz
- **Dimensions:** Compact for easy installation
- **Material:** Durable plastic housing
- **Applications:** Residential and industrial

Specifications

Rated current (A)	1
EAN	3606481169853
No. of poles	2P
Reference	SCHNEIDER M9F42201
Nominal voltage (V)	230V
