

Product sheet

SCHNEIDER NSX400NA 400A 3-pole 3-range current switch.

Brand: SCHNEIDER

Reference: IMPO C403400S

The NSX400NA AC 3P3R 400A circuit breaker is designed for the protection and control of electrical circuits. With a 400-amp capacity, this three-phase breaker offers high reliability and safety in industrial applications. Ideal for environments requiring efficient energy management.

Description

The NSX400NA AC 3P3R 400A Circuit Breaker is an electrical protection device designed for industrial and commercial applications requiring efficient current control. This three-pole, three-range circuit breaker offers a 400-ampere rating, ensuring high reliability and safety in power distribution. Its compact and robust design allows for easy integration into electrical panels, while its advanced technology ensures a fast response to overloads and short circuits. The NSX400NA is equipped with a trip adjustment system that allows for customized protection according to the specific needs of each installation.

- **Type:** Three-pole circuit breaker (3P3R)
- **Rated capacity:** 400A
- **Rated voltage:** AC
- **Overload protection:** Adjustable
- **Short-circuit protection:** Integrated
- **Dimensions:** Compact for easy installation
- **Standards:** Complies with international safety standards
- **Applications:** Ideal for industrial and commercial environments
- **Accessories:** Compatible with a wide range of protective accessories
- **Durability:** Robust construction for long-lasting use

Specifications

Frequency	50/60 Hz
Rated current (A)	400
EAN	3606482002876
No. of poles	3P

Reference	SCHNEIDER C403400S
