

Product sheet

SCHNEIDER C60N 3-pole 15A Type C circuit breaker, UL489.

Brand: SCHNEIDER

Reference: IMPO M9F42315

The C60N UL489 3P C 15A Box is a three-phase circuit breaker designed to protect electrical circuits. With a 15-amp capacity, it offers safety and reliability in electrical installations, meeting established quality and safety standards.

Description

The C60N UL489 3P C 15A Box is a high-quality circuit breaker designed to provide reliable protection in electrical systems. This device is ideal for residential and industrial applications, ensuring the safety and optimal performance of electrical installations. Its compact and robust design allows for easy integration into electrical panels, while its fast-disconnect capability ensures circuit protection against overloads and short circuits. With a 15-amp rating, this circuit breaker is suitable for a wide range of applications, providing an efficient and safe energy management solution.

- **Type:** Circuit Breaker
- **Model:** C60N UL489
- **Poles:** 3P (three poles)
- **Rated Current:** 15A
- **Rating:** UL489
- **Protection:** Overload and Short Circuit
- **Installation:** DIN Rail Mounting
- **Dimensions:** Compact for easy integration
- **Operating Temperature:** -25°C to +60°C
- **Certifications:** Complies with regulations international

Specifications

Rated current (A)	15
Curve	C
EAN	3606481169945
No. of poles	3P
Reference	SCHNEIDER M9F42315
