SCHNEIDER 70kA AC 3P 400A circuit breaker block - efficient electrical protection.

Brand: SCHNEIDER

Reference: IMPO C40H3

The NSX400H 70kA AC 3P 400A Circuit Breaker is an electrical protection device designed for three-phase systems. It offers a breaking capacity of 70 kA and a rated current of 400 A, ensuring safety and reliability in electrical installations.

Description

The NSX400H 70kA AC 3P 400A Circuit Breaker is an electrical protection device designed to ensure safety and efficiency in power distribution systems. This high-capacity circuit breaker is designed for industrial and commercial applications, offering reliable protection against overloads and short circuits. Its robust construction and advanced technology allow for optimal performance under demanding conditions, ensuring continuity of electrical service and minimizing the risk of installation failures.

- **Model:** NSX400H
- **Breaking capacity:** 70kA
- **Current type:** AC
- **Poles:** 3P (three phases)
- **Rated current:** 400A
- **Overload protection:** Yes
- **Short-circuit protection:** Yes
- **Dimensions:** Compact for easy installation
- **Standards:** Complies with international safety standards
- **Applications:** Ideal for industrial and commercial environments

This circuit breaker is an effective solution for energy management, providing a rapid response to hazardous situations and contributing to the stability of the electrical system.

Specifications

Frequency	50/60 Hz
Rated current (A)	400
EAN	3606482002937

No. of poles	3P
Reference	SCHNEIDER C40H3
