

Product sheet

SCHNEIDER 150kA AC 3P 400A circuit breaker block for electrical protection.

Brand: SCHNEIDER

Reference: IMPO C40L3

The NSX400L 150kA AC 3P 400A Circuit Breaker is an electrical device designed to protect circuits in industrial applications. It offers a breaking capacity of 150 kA and is suitable for three-phase systems with a rated current of 400 A.

Description

The NSX400L 150kA AC 3P 400A Circuit Breaker is an electrical protection device designed for industrial and commercial applications requiring efficient energy control. This device features a high breaking capacity of 150 kA, ensuring effective protection against overloads and short circuits. Its compact and robust design allows for easy integration into medium- and low-voltage electrical systems, guaranteeing optimal performance under demanding conditions. Furthermore, its three-pole (3P) configuration makes it ideal for three-phase circuits, providing a versatile and reliable power management solution.

- **Model:** NSX400L
- **Breaking Capacity:** 150 kA
- **Current Type:** AC
- **Number of Poles:** 3P
- **Rated Current:** 400 A
- **Dimensions:** Compact for easy installation
- **Applications:** Industrial and commercial
- **Protection:** Against overloads and short circuits
- **Certifications:** Complies with international standards
- **Accessories:** Compatible with a wide range of accessories protection

Specifications

Frequency	50/60 Hz
Rated current (A)	400
EAN	3606482002951
No. of poles	3P
Reference	SCHNEIDER C40L3
