Product sheet

SCHNEIDER 150kA 4-pole 400A cutting block for electrical protection.

Brand: SCHNEIDER

Reference: IMPO C40L4

The NSX400L 150kA AC 4P 400A Circuit Breaker Block is an electrical device designed to protect circuits in industrial installations. It offers a breaking capacity of 150 kA and features four poles, ideal for high-current applications.

Description

The NSX400L 150kA AC 4P 400A Circuit Breaker is an electrical protection device designed to ensure safety and efficiency in power distribution systems. Part of the circuit breaker range, this device offers a breaking capacity of 150 kA, making it an ideal solution for industrial and commercial applications requiring high performance and reliability. Its compact and robust design allows for easy integration into electrical panels, ensuring effective protection against overloads and short circuits. Furthermore, its 4-pole configuration allows its use in three-phase systems, providing additional versatility in energy management.

- **Model:** NSX400L
- **Breaking capacity:** 150 kA
- **Current type:** AC
- **Number of poles:** 4P
- **Rated current:** 400 A
- **Dimensions:** Compact for easy installation
- **Protection:** Against overloads and short circuits
- **Applications:** Industrial and commercial
- **Certifications:** Complies with international standards
- **Accessories:** Compatible with a wide range of accessories for customization

Specifications

Frequency	50/60 Hz
Rated current (A)	400
EAN	3606482003194
No. of poles	4P

Reference	SCHNEIDER C40L4
