Product sheet

SCHNEIDER 32A 4P IP65 MODULAR junction box for socket not included.

Brand: SCHNEIDER

Reference: IMPO KNB32CP

Modular junction box for 32A, 4-pole sockets, designed for safe electrical connections. Ideal for installations requiring a robust and reliable power outlet. Socket not included, allowing for customization to meet user needs.

Description

The **32A 4P Junction Box (Socket Not Included)** is a robust and efficient solution for electrical distribution in industrial and commercial installations. Designed to withstand demanding conditions, this junction box allows for the safe connection of electrical equipment, guaranteeing optimal performance and a long service life. Its structure is manufactured with high-quality materials that ensure resistance to corrosion and wear, making it an ideal choice for demanding work environments. The 4-pole configuration allows for versatile and efficient connection, facilitating integration into complex electrical systems.

- **Current Capacity:** 32A
- **Configuration:** 4-pole
- **Socket Type:** Not built-in
- **Material:** High corrosion resistance
- **Dimensions:** Compact for easy installation
- **Use:** Ideal for industrial and commercial environments
- **Connections:** Safe and reliable
- **Standards:** Complies with current electrical standards
- **Installation:** Simple and quick
- **Durability:** Long service life under demanding conditions
