Product sheet

MULTI9 2A 500V-DC compact and efficient circuit breaker.

Brand: SCHNEIDER

Reference: IMPO M9U21202

The MULTI9 C60H-DC 2A C 500V-DC is a miniature circuit breaker designed for DC circuits. It offers reliable and efficient protection, ideal for applications in industrial and commercial environments. Its compact design facilitates installation in confined spaces.

Description

The MULTI9 C60H-DC 2A C 500V-DC is a miniature circuit breaker designed for direct current applications. This device offers reliable and efficient protection in electrical systems, ensuring the safety and optimal performance of installations. Its compact design allows for easy integration into electrical panels, while its 2A and 500V-DC capacity makes it a versatile option for various industrial and commercial applications. The advanced technology used in its manufacture ensures a long service life and stable operation, even under demanding conditions.

- **Type:** Miniature circuit breaker
- **Model:** C60H-DC
- **Rated current:** 2A
- **Rated voltage:** 500V-DC
- **Protection:** Overload and short circuit
- **Dimensions:** Compact for easy installation
- **Certifications:** Complies with international standards
- **Operating temperature:** Wide range for various conditions
- **Connections:** Easily accessible terminals
- **Applications:** DC electrical systems

Specifications

Rated current (A)	2
Curve	C
EAN	3606480741746
No. of poles	2P
Reference	SCHNEIDER M9U21202

Nominal voltage (V)	500V
