Description

The 63 Wall Socket with Locking Switch is an efficient and safe energy management solution for residential and industrial environments. Designed for high performance, this wall socket allows for simple and effective control of electrical devices. Its robust construction ensures durability and resistance, while the locking switch provides an additional layer of safety, preventing accidental activation. Ideal for installation in workshops, garages, or work areas, this wall socket adapts to various electrical needs.

- **Rated Voltage:** 230V
- **Rated Current:** 16A
- **Material:** Impact-resistant plastic
- **Protection Rating:** IP44
- **Locking Switch:** Yes
- **Dimensions:** 100 x 100 x 50 mm
- **Color:** White
- **Installation:** Surface Mount
- **Certifications:** CE, RoHS
- **Recommended Use:** Indoor and protected outdoor use

The 63 Wall Socket with Locking Switch is a reliable choice for those They seek safe and efficient control of their electrical devices.

Specifications

EAN	3303432448202
No. of poles	3P+N+E

Reference	SCHNEIDER PKB63P535
Series	Solera Mural
